What They Say About ARCHITECTURE PROPERTY

Mohammad Ismail Fanani, S.Ars
Junior Architect @ HNK Architects

ARS Class of 2018

Prodi Arsitektur Universitas Ciputra telah memberikan pengaruh yang cukup besar kepada proses kehidupan saya. Disini adalah step awal saya dalam mencari wawasan sebanyak banyaknya tentang Arsitektur. Saya sebagai mahasiswa tidak hanya dibekali teori - teori desain tetapi juga selalu dihadapkan kasus - kasus rill di lapangan dengan prinsip penyelesaian secara entrepreneur. Kita diajarkan secara terstruktur dan sistematis bagaimana sebuah permasalahan dalam desain bisa diselesaikan sehingga tercipta sebuah karya yang solutif, sustainable, serta memiliki nilai komersil yang tinggi. Saya rasa perpaduan nilai Arsitektur dan Entrepreneurship disini telah memberikan modal sempurna bagi saya tentang bagaimana bekerja / berkarya secara benar, menarik, menjual, dan berdampak positif ke orang lain.
