## ABOUT INTERIOR ARCHITECTURE

Menekankan prinsip desain berkelanjutan dan entrepreneurship, dengan adaptasi kuat terhadap teknologi digital terkini, termasuk pemanfaatan Artificial Intelligence. Melalui dukungan AI, mahasiswa didorong untuk mengembangkan desain yang lebih efisien, kreatif, dan berdampak nyata bagi masyarakat. Integrasi ini tercermin dalam pengajaran, riset, dan pengabdian masyarakat di berbagai kelompok keilmuan, seperti Humanities, Design-preneurship, Technology, History, dan Entrepreneurial Design. Mahasiswa juga berkesempatan mengaplikasikan keahlian mereka dalam proyek-proyek nyata bersama Grup Ciputra, mempersiapkan mereka menjadi arsitek berjiwa entrepreneur yang inovatif di kancah global.
